Point Grey Development Company Pty Ltd  
Level 5, 99 Macquarie Street

Dear Ms Lin

I refer to Point Grey Development Company Pty Ltd's letter dated 26 May 2016, requesting an inquiry under section 46 (s46) of the *Environmental Protection Act 1986* (EP Act) to change implementation condition 3 of Ministerial Statement 906 (MS 906) to extend the Time Limit of Authorisation for substantial commencement of the Point Grey Marina (the Proposal).

Specifically, in order to be consistent with the Commonwealth approval timeframe of 28 June 2019, Point Grey Development Company Pty Ltd has requested an extension to the Time Limit of Authorisation for substantial commencement of the Proposal.

The Environmental Protection Authority (EPA) completed its s46 inquiry into the conditions of MS 906 and released its report and recommendation (Report 1595) in April 2017.

Since the release of EPA Report 1595, new information has been released regarding potential heavy metal bioaccumulation in water birds foraging in the Peel Harvey Estuary.

Prior to making a decision under section 46(8) of the EP Act as to whether or not the implementation condition 3 should be changed, I have requested that the EPA undertake a new inquiry into your request under s46 of the EP Act, to consider any new information

If you have any queries regarding the s46 process I recommend that you contact Mr Anthony Sutton on phone number 6364 6532

Yours sincerely
